# EASyS SWIFTY

## pushchair

## Technical Information

Sun / Rain Cover

The Swifty is an innovative, high quality special needs pushchair designed to offer your child a moderately supportive seat whilst retaining outstanding looks.

The fully adjustable seat depth and multi positional footrest enable the Swifty to be adapted to the growing Child's needs, ensuring maximum comfort. In addition, the footrest flips up to make access to the pushchair easier. Hip guides and padded harness straps further complement this strong and durable buggy. A back angle recline of 25° and a fixed tilt in space facility of 15° allows the seat to be adjusted to a variety of positions. A full range of accessories is available to allow the seat to be customised to the individual's requirements.

Sleeping Bag

The lightweight high quality aluminium frame with its integrated seat folds easily when not in use.

The Swifty EASyS has been successfully crash tested in accordance with ISO 7176 / 19 ensuring safe transportation of the child in specially adapted vehicles.
